REMARKS

MAY 06 2008

In view of the following reasoning for allowance, the applicants hereby respectfully request further examination and reconsideration of the subject application.

Examiner Shashi Becker and the applicant's representative Katrina Lyon on May 6, 2008 held an Examiner Interview to discuss claim amendments and amendments to the specification in order to put the application in condition for allowance. It was agreed that Examiner Becker would change Claim 1 to specify that the intermediate images are two dimensional and include some of the limitations of Claim 32 in this claim in order to put the application in condition for allowance. It was also agreed that the applicant's representative would amend the change to the specification back to its original state. This supplemental amendment provides the agreed to amendment changing back the specification to its original state.

In summary, it is believed that the claims 1-38 are in condition for allowance. Allowance of these claims at an early date is courteously solicited.

Respectfully submitted,
